

# MIND GAMES

Educational Enrichment Through Play™

## Come join the fun at Mind Games!

Brain power and fun collide in Mind Games! Campers play exciting, educational, **SCREEN-FREE** games that go beyond the “screen,” providing hands-on challenges while fostering positive social relationships. Each class introduces a new educational game beginning with a **15-minute mini-lesson**, followed by **30 minutes of independent game play** and a **5-minute wrap-up discussion**.

Mind Games is excited to bring our program to your camp—diversifying activities, keeping minds sharp, and helping prevent the dreaded summer slide.

### AREAS OF FOCUS

- Cognitive Processing Speed
- Focus & Attention
- Memory Speed
- Sportsmanship
- Teamwork
- Life Skills

### S.T.E.M. EDUCATION (Science, Technology, Engineering, Math)

Mind Games connects to S.T.E.M. by strengthening how students analyze, plan, and problem-solve. Campers use logic, strategy, critical thinking, and cause-and-effect reasoning while evaluating game scenarios and reflecting on outcomes.

- \$200/Per Class
- 50 Minute Sessions
- Grades K & Up
- 20 Students Per Group Maximum
